# EUROPEAN LIFESTYLE MEDICINE SYMPOSIUM

**Lifestyle Medicine: Bridging the Health Gap**

Join Lifestyle Medicine leaders from across Europe to discuss key topics including drivers of health, the reversibility of NCDs, tools of Lifestyle Medicine, and the development of Lifestyle Medicine across Europe, among others. Participate in engaging workshops, expert presentations, and valuable networking sessions, hosted by the European Lifestyle Medicine Council and the Croatian Lifestyle Medicine Association.

# — ABOUT

Lifestyle Medicine is evidence-based, clinical care that supports behaviour change through person-centered techniques to improve mental wellbeing, social connection, healthy eating, physical activity, sleep and minimisation of harmful substances and behaviours.

The European Lifestyle Medicine Council (ELMC) is a coalition of like-minded, non-profit, European country-based Lifestyle Medicine societies which promote evidence-informed approaches to prevention, management and even reversal of non-communicable diseases.

# — SPONSORSHIP OPPORTUNITIES

This event offers a range of exhibition and sponsorship opportunities, providing your organisation with maximum exposure to a highly engaged and targeted audience from across Europe.

We're looking to showcase organisations aligned to our aims of sharing lifestyle medicine throughout Europe, and globally. Since the size of our event allows, instead of having standard sponsorship or exhibitor tiers in this event, we aim to provide a range of bespoke options to make this event as tailored as possible for you and our delegates alike.

We will be working with the University of Split Medical School to deliver an excellent exhibition and sponsorship experience, providing a high-quality platform to engage with our delegates. For further details about the exhibition space, please email us and we will be happy to support you.
